to Col. James T. Preston.

SEYMOUR, TEXAS, July 29th, 1882.

Col. Preston .- I know well that you will be startled and sorely bereaved over the sad news that will reach you this morning by telegram, of the death of your beloved son, and my dear dear friend, W. E. Preston. Myself as well as a host of friends made by him during his residence with us, mourn with you and his dear ones in this sad hour of your bereavement. His death was caused from a pistol shot at the hands of one E. B. Wheeler, a practicing attornev of our town; a man of about 50 years of age. The particulars of which I will endeavor to give to the best of my knowledge. The difficulty was caused Scott. He is unquestionably an actor of by the loan of a book, by your son to Wheeler, About 10 days slace Wheeler borrowed the book with a promise to return the same; he failed to do so in due 2 or 3 notes to be passed between them. If any words passed between them, no cide knows, as there was no one present, it is firmly believed by its that Wheeler commenced firing on Preston as spon as he catered the door, from the evidence derived upon examination of the two pistols used by the parties. Four snots were fired, 3 by Wheeler and one by your son. Two shots was fired in the office, when your son ran out from Wheeler and fired in at the door. One of the shots fired in the house, the ball struck his watch, and split one half remaining in the watch and the other half entering his body .-After firing your son retreated a pace or so and stopped opposite the window of the office when Wheeler fired the 3rd shot through the glass window, the ball striking your son in the right nostril. causing his death instantly. He never spoke. Whillst with us he made many friends and you may rest assured that his body will be properly cared for by those who mourn with you in the loss of our friend.

In haste yours, JO WOODYEAR.
